***Pastor, author, conference speaker, poet and musician***

***“I have known many who unsuccessfully tried to build upon shifting sand. With programs, personalities, music, and a host of other non-supportive foundations, Christians attempt to do God’s work upon faulty foundations. However, the only place for true spiritual growth is upon the foundation that Jesus has forged. And this is all from His Word.”***

**(From: Back to Acts)**

**Michael can connect with groups of all ages and backgrounds and inspire them to a greater faith and stronger walk with the LORD Jesus Christ.**
