

Darrington Day!

When Truth is lost, liberty dies.

For a hundred years the United States has been gripped by martial law, with freedom and faith a forgotten memory. In the summer of 2132, Peter Sheridan learns this the hard way when he finds himself on the wrong side of the government—but the right side of freedom.

All he wants to do is escape the notorious education center and find his parents. But when he is shot and left for dead, he is rescued by a mysterious recluse and finds himself drawn into a world of chaos and intrigue.

Racing against time and the government to try and complete his father's mission, Peter must reignite the call for freedom. To do so, he turns to the last hope for America, the mysterious group known only as the Shadow Remnant.
